### 2024 Breeding Agreement (Contract) 01/09/2024 to 31/01/2025

This Agreement is made and entered into this \_\_\_\_\_ (day) of \_\_\_\_\_ (month), \_\_\_\_\_ (year).

Mare Owner: \_\_\_\_\_ AQHA/ASH Member No.: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

1. **Mare owner hereby agrees to breed their mare** \_\_\_\_\_ Reg. No.: \_\_\_\_\_

Age: \_\_\_\_\_ Sire: \_\_\_\_\_ Reg. No.: \_\_\_\_\_

Dam: \_\_\_\_\_ Reg. No.: \_\_\_\_\_ to the stallion Metallic Storm.

2. **Stallion Service Fee (includes LFG): \$2,200.00 including GST (multiple mare discount is available on request)**

The service fee is agreed upon with full payment of the contract. No Service Certificate will be issued until accounts are paid in full. **A copy of mare's registration papers must accompany this contract. Metallic Storm will provide AQHA and ASHS breed certificates for all eligible mares. Any mare owner wishing to seek registration with other breed societies must purchase and provide the relevant breed certificate to the stallion owner for completion. Any change to the contracted mare must be approved by the syndicate and a new contract must be completed, if approved.**

3. This contract does not allow for the breeding of multiple mares and registration of resulting foals. A contract must be entered into for each mare, prior to breeding, with additional contracts entered into for any additional embryos resulting in a pregnancy.

4. **Freight Costs:** All shipped semen collections costs are separate from this contract and payable by the mare 'owner' and will be invoiced by the Veterinarian who collected the Semen. Metallic Storm Syndicate will not be held responsible for semen lost in transit.

5. **All Metallic Storm semen remains the property of the stallion owner, and may not be collected, stored, distributed, or sold by any other party.**

6. **LFG:** The service fee entitles the payee to the genetics of Metallic Storm and a live foal guarantee on one foal only. This amount is payable by the person/entity named in this agreement to the Metallic Storm Syndicate on each and every foal created by Metallic Storm semen. When attempting embryo transfer and two eggs are flushed, any additional embryo/foal will be invoiced to the mare owner on a positive pregnancy test. The live foal guarantee becomes null and void if the mare owner returns the mare to work/competition after a positive pregnancy test. This contract offers live foal guarantee for one foal. However, after 3 attempts at service, if after consultation with the mare owner, vet and stallion owner, a change of mare may be requested by the stallion owner with no additional charges payable for the service fee by the mare owner.

7. **In the event Metallic Storm should die or become unfit for service,** and frozen semen becomes unavailable to fulfil rebreed commitments as per condition 7, then this contract shall become null and void, and any money paid as part of the service fee shall be refunded.

8. **In the event that the mare aborts or if the foal does not stand to nurse,** it is agreed that the mare owner may return the mare for breeding during the following breeding season and no stud fee will be charged for subsequent breeding. To be entitled to such subsequent breeding the owner must deliver a certificate by a licensed veterinarian attesting that the mare aborted or that the foal failed to stand and nurse. Any mare owner who chooses to not take their rebreed in the following season will lose live foal guarantee unless prior approval granted by stallion owner.

9. When mare owner signs and returns one copy of this contract with payment to Metallic Storm Syndicate, it will be a binding contract on both parties subject to the above terms and conditions. This contract is not transferable or assignable.

10. All mares must be tractable and handled to lead. The stallion owner / handler reserves the right to refuse any mare for service.

11. Agistment shall be the responsibility of the mare owner and shall be arranged with the veterinary facility or Wyatt Young Equine depending on where the mare is to reside for breeding. All fees shall be negotiated between the mare owner and the agistment provider.
